

July 18, 2011

Dear Colleagues,

Our firm is pleased to announce the latest approach to construction legal services, offered exclusively for AGC Members - a California Prepaid Contractor Legal Plan.

We all know that legal problems often arise on a busy construction site, whether it is a contract dispute, a bond claim or a personal injury; have you ever wished there was a faster way to get legal help? We did, so we created a Contractor Legal Plan that will greatly improve your bottom line:

- ✓ **Unlimited telephone support** for just **\$150/month**. Your executives and managers will get immediate telephone advice – without a fat monthly bill.
- ✓ **Review of Proposed Agreements**. Get comments on new prime contracts, subcontracts and purchase orders for a flat rate starting at **\$500/month**.
- ✓ **Insurance Coverage Review** – Do you have your major risks covered?
- ✓ **Claims Preparation – Hourly, Flat Rate & Contingent Fee**. Our firm will also provide up to **\$10,000 in legal defense** against **false claims**. (This applies to any lawsuit filed against your company by a public agency if we review your original claim and you incorporate our comments and suggestions.)

Since our law firm's inception in 1989, we have exclusively provided legal services for the construction industry - advising over 500 major projects and resolving more than 3,500 construction disputes.

Our areas of legal practice include construction claims and defense, government contracts, insurance coverage and OSHA investigations. We offer personalized experience and guidance to increase your profits and reduce your risks. And as a last resort, we do Litigation, Mediation & Arbitrations in all California State and Federal Courts.

Our lawyers have successfully represented AGC members for over 32 years (including Flatiron, Fluor, Parsons, Granite, Ameron and many others.)

We also enclose **Rich Contractor, Poor Contractor**: a 45-minute audio program on the management secrets of wealthy contractors. You may also enjoy our website at **ConstructionLawyers.com**.

If you are interested in our legal plans, give me a call at (800) 832-6946 (ext 702).

Very truly yours,

Ernest C. Brown, Esq., P.E.
Managing Principal
